## LODGING

Whether you prefer a quiet cottage on our Woodland Trail, the cozy atmosphere of our Farmhouse Inn, or the special charm of Creekhous on Indian Creek, we expect you will find a space at Creekside that feels like a welcoming home. Creekside is the perfect place for a romantic getaway, quiet retreat, wedding weekend or reunion of family and friends. We are a small family-owned and operated resort and we hope you will feel the genuine personal interest we take in the comfort and welfare of all our guests. The natural beauty of Monroe County and the wholesome authenticity of the country life of its residents were what attracted our family to this area over thirty-five years ago. In all that we do at Creekside Resort our family strives to be responsible stewards of this natural bounty and continue a tradition of warm country hospitality.
